

# ONE RIGHTEOUS MAN

## Verse 1

**Em**

All we like sheep have gone our own way

**D**

And distanced ourselves from our only help

One righteous man, God's perfect plan

To pay for our guilt, tear down what we've built

**C**

**G**

**Bm**

Seeing His face, nothing would catch you at all

**C**

**G**

**Bm**

The world that He loved despised him, this man of sorrows

## Verse 2

First He's betrayed, then taken away

His friends turn their backs and hang by their necks

Silent He goes, as one who knows

Despite any plea, the verdict will be:

'Guilty as charged! Now, beat him till no one can tell...

Who He once was, then hang up His body with nails!'

## Verse 3

Surely up there, our sorrow He bears

See how He shakes, life slowly escapes

The King is crushed, collapsing His lungs

Showering the nations in blood

Yet this is the way His Father has chosen to pay

One righteous Man has many more righteous men made
